A MESSAGE FROM THE CHAIRMAN

Hello Everyone,

Thank you all for your continued donations to Pet Project Foundation as without your donations, we couldn’t do what we do best, save all the dogs, cats, and rabbits. As an all volunteer organization we rely heavily on donations that you send in and events that you attend!

My tenure on the Pet Project Foundation’s Board of Directors has come to an end. Being on the board has been a great honor and one I will always hold near and dear to my heart. We have made great strides in making Pet Project Foundation fiscally stable, a presence at the shelter, and an organization that everyone can be proud of.

I have learned a lot in my years being on the board, some have been hard truths, but all have been about one thing, the animals. Hours of preparation for events, hours at being at events, hours of handling calls and emails, and hours of thinking and discussing how PPF can be better to achieve our many goals.

I will always be around for the animals, helping in any way I can. I will have my ongoing regular shift as a volunteer at the shelter where in a few months I will celebrate my 7th year. The dogs that I handle and the people who truly care about what we do and how we do it are always an inspiration to me. Selfless, dedicated, and generous.

Please continue to donate to PPF, as I will, to continue our quest.

Sincerely,

Sally Silva
CHAIRMAN OF THE BOARD

About PPF

For almost 35 years, Pet Project Foundation (PPF) and the San Clemente-Dana Point Animal Shelter have been united in a unique partnership to rescue and provide pro-humane care to the lost and abandoned animals of our two cities. This special shelter has maintained a progressive and innovative approach to animal welfare to ensure that every animal in its care receives a warm bed, outstanding veterinary care, nutritious food, and daily socialization and exercise – all provided until a permanent, loving home can be found.

Furever For Maggie

BY PAULA BECKER

The forever home. It’s what we strive to get for our pets who come through our shelter doors. So it’s frustrating when it doesn’t work out, when one comes back to us.

Maggie and her siblings came to us as unsocialized kittens three years ago. They were put into a loving foster home where they learned to trust, and then they were adopted out to their forever homes. So we thought.

Maggie is back at our shelter. Her forever mom had to move and couldn’t take her with her. We can be angry. But we’ve learned that we need to move on for the sake of the pet and try again. Maggie is a big girl, having been fed well. She was probably loved a lot, but she’s afraid. She would growl and cower. She didn’t want to be handled. “Where is my mom?” we are sure she wondered. “Where am I?”

Slowly, we worked with Maggie. Softly talking to her, petting her, even though the low growls continued. After a few weeks, the growling lessened. Petting her head, she would blink slowly, showing signs of relaxing. A few strokes down her side, and she lifted a paw. “Pet me here, please,” showing her chest. Maggie likes her belly rubbed. She shows it by a soft purr.

We will find Maggie a new human to love her. And we will have to explain to this new adopter that Maggie will be frightened, will growl, resist touching. “Please be patient with her,” we will plead. “And keep her forever.”

Saving Schwartz, and so many more!

This little guy was found abandoned in a box, and Animal Control Officer Dana Friedman was called to pick him up. He made a quick call to Pet Project Foundation, and kitten formula was delivered post haste so we could get the boy some nourishment. Schwartz, so named by ACO Friedman, was then transferred to a foster mom who is feeding him every couple hours. She reports he’s doing well. It’s what we do; we save lives.

If you are interested in joining our foster team, please contact us! We provide all supplies and training. You supply the love and time. It’s a purrfect combination. For more information, contact Marlene at: mills-margesson@cox.net
Tyson is loving life!
Tyson has a new home on 10 acres in the Temecula wine country! His new mom adopted her last dog from us 10 years ago, Kendrick. He passed away recently and she was lonely and wanted a new friend. Have a fabulous time romping in the hills!
Looking at the World from a Different Angle  By Cindy Fisher

In the latter half of 2017, one of the rabbit volunteers got word that several domestic rabbits were wandering around Lantern Bay Park in Dana Point Harbor. A group of volunteers were able to rescue two of the rabbits; a third rabbit from the area was found and brought in by a member of the public. This third rabbit would certainly have been a predator’s dinner in a day or two – he had a head tilt, also called torticollis or wry neck, that hindered his ability to get around very well. He was eventually put into foster care with me. We treated with antibiotics and an antiparasitic, the standard treatments for head tilt until the cause of the head tilt can be ascertained.

While dosing him with his medications one morning, I noted an oozing hole on his chest. Another visit to the vet confirmed my suspicions – cuterebra, or botfly larvae! The poor rabbit had been infested with 6 larvae; two had exited at an earlier point, the others were removed by the vet. While the rabbit was under anesthesia for the removal, the vet also did a full skull x-ray panel and discovered that he had thickened membranes in his ear – a sign of ear infection. We kept the rabbit on medications for several months; unfortunately, the treatments were started too late and his head tilt did not clear up.

With a permanent head tilt, I figured the rabbit’s chances of being adopted were small, so my family decided to take the rabbit, whom we named Boo, in as an official member of our household. Over the past months, Boo has been adjusting to his skewed existence with a different look on life. As a consequence of this vestibular disease, he runs around in circles and stares at us with his one eye turned upward. He loves petting sessions but has to be oriented in certain ways or he gets confused. Because he can’t hop in a straight line, he ends up having to wander around a bit to get to his food bowls. Miraculously he has not only survived but thrived after all of his medical issues.

Boo may be a special needs rabbit, but he’s a wonderful creature full of life and affection. He’s a little quirky-looking, but one couldn’t ask for a sweeter bunny companion!

Thank you to Pet Project Foundation for all the help you gave Boo to find his best life ever!

Cider the Dog  By Candi Guthrie

My middle school aged son and I adopted Cider, a schnauzer-terrier mix, from the San Clemente/Dana Point Animal Shelter in December 2016. Having recently lost a rescue dog we had for many, many years, we were thrilled our home felt full again. Within days, however, Cider was choking on his food and throwing up constantly. We spent months at the vet receiving mixed diagnoses, from anxiety to digestion trouble. None of the care or medications seemed to help.

When we returned to the shelter to explain the issue, they connected us with the Pet Project Foundation. They were able to diagnose Cider with Megaesophagus (ME). Because of the immobile esophagus caused by this rare disease, food and water cannot digest, causing choking, frequent pneumonia and often death. One veterinarian recommended we put Cider down. However, Dr. Agostini from the PPF’s board of directors urged us not to give up hope. PPF offered to cover the costs of Cider’s prescription food and medical expenses, with my son and I covering his daily care, for the rest of Cider’s life.

Each morning and night, we walk around the neighborhood. Then Cider spends an hour standing upright in the Bailey chair provided by PPF to digest his medication, prescription food and chicken broth jello squares. Despite his many setbacks, Cider is now thriving. We are overjoyed to be able to keep him in our home and forever grateful to PPF for making that possible.

Note from PPF: Candi and her son have given Cider a wonderful life with his condition. Reading the above, Candi makes this condition seem like it is a breeze to handle, it isn’t. PPF is grateful for Candi and all she does for Cider!

“Goldie is loving life!! Thank you!!”

Hank (now Dirk)
Hank, formerly Dirk… “Hank, the mountain dog... loving life and his new family. We take him everywhere!”

Animal Spotlight
Chico!
Through our “Owner Relinquish” program handsome Chico came to the San Clemente-Dana Point Animal Shelter. From the very beginning Chico was very loving, though he did not have very good manners. With the dedication of PPF volunteer handlers he has learned great doggie manners.

Chico has an awesome loving disposition! He is an ace at K9 Nosework. He loves his walks, cuddling and is great walking with other dog friends. Chico is not a social butterfly and needs to be the only pet. In his perfect home he would be the only pet and have an owner who is home at least part of the day. Potty-trained and well-mannered, he would make an easy transition into a home.

Thank you to Pet Project Foundation for all the medical help, social interaction and care our dogs receive!

If you are interested in adopting Chico, please stop by the shelter to visit with him!

Sweet Sulu

Sulu a 9 year old husky came to our shelter because his former owner no longer wanted to deal with typical husky traits. Sulu walks great on leash and loves to be with his people. He is warm and loving and would be a great companion to someone who is home most of the time. A large secure yard is a must. It is so sad to have a dog that has lived with his family for 9 years be discarded. Can you find it in your heart to give this boy a safe and loving forever home?

BREED: Siberian Husky
AGE: 9 Years Old

Vera

Vera, a spayed female Brown Tabby Domestic Shorthair. She is about 6 years old, with a bobbed tail and is so cuddly! Vera loves to play and be around people. She gets along with dogs and is very sweet with them. Vera would prefer a quiet home and a little spot where she can be alone once in a while. This love bug would be a wonderful companion! Visit the shelter and come see Vera... you'll fall in love with her!

BREED: Brown Tabby Domestic Shorthair
AGE: 6 Years Old

Chewbie the Cutie

Chewbie is a cute-as-a-button little Dutch dwarf mix brown-and-white spayed female rabbit. She was about 3 years old when she came to the shelter in August 2015. Chewbie likes to think she’s a tough girl, but she’s enjoys cuddles and pets once you pick her up. She’s very opinionated and lets people know when she disapproves of things, so she probably wouldn’t be a good choice for a home with younger children. Chewbie is great with her litter box and would make a fun companion for a rabbit-savvy family! Chewbie is currently in foster care; if you’re interested in meeting her, please contact us at info@petprojectfoundation.org or call 949-595-8899.

BREED: Dutch Dwarf Mix
AGE: 3 Years Old

All these adorable animals are looking for loving homes. If you think one of them would be a great addition to your family, please visit the shelter to meet them. They’ll be waiting for you!
Kennel Sponsorship Program

Sponsorships are available for 6 months at $200.00 or 1 year at $365.00. For as little as $1.00 a day the animals at the San Clemente-Dana Point Animal Shelter will benefit from your generosity.

You will be recognized with an 8 x 10 sign with your name/logo on the kennel. Your sign can include your business logo, or a photo of a pet or loved one. Additionally, you will be listed on our website as a sponsor as well as mentioned in PPF’s Wagging Tails newsletter and receive special invitations to our events. Your sponsorship sign will be also be viewed by over 40,000 shelter and website visitors annually. Your kennel sponsorship benefits everyone. What a great way to honor a special pet or loved one. It is also a great and economical way to advertise your business while making a difference in your community and animals lives at the San Clemente-Dana Point Animal Shelter.

A special thank you to all our Kennel Sponsorships!

COME IF YOU DARE!
While the weather started out a little drizzly and windy, the day turned out spectacular!! The Whales and Tails Wag-A-Thon (combined with the Festival of Whales Parade) was fun and exciting!! We featured alumni dogs, our volunteer of the year for San Clemente, Kay Lehmacher, and lots of supporters walking with us along the parade route.

Such an honor for Pet Project Foundation to have Brian Bent ride along in his awesome hot rod with us in the parade. Brian is a well known artist, car enthusiast, and surfer. THANK YOU!

Our Festival of Whales Street Fair was awesome! We had over 75 vendors, face painters, our yearly Pet Costume Contest, a photo booth, great music, and more!!! The kid’s rides are always a hit! Thank you to Alexa and Avery Roemer for entertaining the crowd with songs from their CD “Songs About Dogs”.

Thank you to all our sponsors, to all the volunteers who made this event possible, and most of all to all of you who came down to see us along with your dogs. See you next year!!

THANK YOU TO THE COMPANIES BELOW FOR THEIR SUPPORT!

OUR MISSION

Lost and abandoned animals have a second chance at a good life thanks to the Pet Project Foundation (PPF) and the San Clemente-Dana Point Animal Shelter.

The mission of the Pet Project Foundation is ‘to enhance the quality of life for all companion animals in a pro-humane manner through compassion responsibility, education, and service.’

This mission is successful with ongoing support of the shelter from our community and veterinarian professionals. This special shelter provides food, housing, exercise, training, medical care and love for homeless animals until they are re-united with their owners or with their new forever homes.

We could not do it without your help!

Please send information on making a charitable donation, such as a Planned Giving Bequest or other ultimate donation to express my support for the animals in the care of PPF.
